Ubuntu Korea Community @ FOSSASIA 2022

A group of people, mostly men, are gathered in a room. In the background, a large screen displays the Microsoft logo. The people are dressed in casual to business-casual attire. Some are making peace signs. The overall atmosphere appears to be a community or technical event.

About Ubuntu Korea Community

- Established late 2005
- Verified Ubuntu LoCo (Local Community) in South Korea
- Organizes local Ubuntu events & activities
- Promotes Ubuntu & related open source techs in Korea.

Online spaces

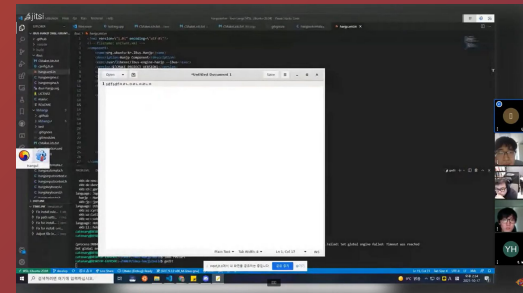

Meet community people on various channels like Forums, Facebook Group, IRC. And find informations you need on official documentations and wiki.
